Here's What People are Saying about Spelling Power ...

"It is a comprehensive program. You will never have to buy another spelling list or workbook if you use this."
by Smockity Frocks

"The main thing I like about Spelling Power is that it eliminates twaddle! Rather than having my son study words over and over that he already knows, he can test out of those words and study only the ones he needs to learn."

by Lisa at The Cozy Nook Curriculum Reviews

*"I, too, like that it places each child exactly where they will be challenged. This is great for children who struggle, but it's equally great for children who are great spellers. Now they can be working on words they actually *don't* know how to spell."*
by Christa at 2 Love Learning
